2016/5094/P	Judith Nasatyr	7 Akenside Court 26 Belsize Crescent NW3 5QT	17/09/2016 08:29:26	COMMEMP ER	I could not find any drawings showing lights. In considering this application I would like Camden to think about light pollution and how it will affect neighbours. You have already consented to removal of louvres on the huge Windows directly facing our flats. If the courtyard is well lit or has security lights coming on and off it will impinge on our nighttime peace. Any lighting should at the very least be directed downwards to the courtyard and not out into the environs
