2016/4682/P	Hayley Donaghy	30 Alma Street Kentish Town NW5 3DH NW5 3DH	22/09/2016 00:14:42	OBJ	<p>To Whom It May Concern,</p> <p>As joint freeholder of this property I have not been directly contacted. I have seen the poster on a lamp post outside number 32 but I should have been contacted directly by the council.</p> <p>Firstly I would like to understand why I have not been contacted directly by the council please?</p> <p>Secondly, I would like to request an amend to the proposed plans at 30a Alma street. We would not be happy with the glass roof element of the extension and would like to request that the roof not be made of glass.</p> <p>Thirdly, I would like clarification on the 'New lime render painted white to match neighbouring properties' section of the plan. If this means block painting the front of the property rather than maintaining the current exposed brick work, then I would also object to this.</p> <p>Regards, Hayley Donaghy</p>
