Your comments on the planning application

I strongly object to the proposed installation of the antennae on the following grounds : 1) widely recognised and serious risks to health 2) known disturbance to sleep patterns 3) the detrimental effect such technology has on local wildlife

This proposal exemplifies yet again how a powerful and dangerously misguided few place avarice and short term gain over and above the long term future and security of the many and their right to protect their health, protect their environment and the fragile wildlife which sustains it.
