2016/4427/P	The william pears Group of Companies Ltd	Clive House 2 Old Brewery Mews London NW3 1PZ	22/09/2016 16:32:30	OBJEMAIL	We wish to object to the proposed rear balconies. Permission has already been given for an additional storey. The addition of balconies at every level would have a very significant impact on the visual amenity of the left land side of Clive house as they would over-look the offices. The provision of outside space would also be a significant departure from the relative quiet of the enclosed space of Martys Yard and would set an unacceptable precedent. The balconies would in our view be a significant over-development , especially considering the permission already granted for an additional storey.
