2016/4890/P	Tim Goss	5 Perrins Court Hampstead NW3 1QS NW3 1QS	22/09/2016 13:47:16	OBJEMAIL	I have no objection to developers trying to maximise profits - but there should be a moral and ethical obligation, particularly in the special heritage environment we have here in Hampstead, to maintain the unique skyline and ambiance we all enjoy in this 'village'. By adding a mansard roof, for no other reason than profit, Crimsonland are callously disregarding the local culture. The Daylight / sunlight assessment report may well demonstrate a minimal loss of light to surrounding areas - but Figs 1 & 2 on page 12 are misleading. The 3D drawings do not show Perrins Court correctly - and do not show no's 4 & 6 Perrins Court despite their specifically being referred to in the report. Neither do they make any reference to no 5 (my house) - from which I enjoy a currently pleasant view of the sky over the top of Wells Court, which would be interrupted by any roof development.
