Dear Sirs

With reference to the above application, I write on behalf of the immediate neighbour at 14 Hampstead High Street, Mr Gerald Moran who uses the house as a single residential dwelling. He has no objection in principle to the proposal, but there is a concern about the AC continuing to be in use outside of office hours. Within the applicants acoustic repors it states that the proposal is for the Air Conditioning to be running from 8 AM to 5 PM daily. We would request that the Council add a Condition to any consent to ensure that these are the limited hours of use for this new condensor unit.

yours faithfully

Damian Maguire  
Sacks Maguire Architects.

on behalf of

Mr Gerald Moran
