2016/4901/P	Anwarul Islam	Flat 10 Rothay 154 Albany Street London NW1 4DH	25/09/2016 02:21:30	OBJ	I have been living in this area all my life in doing so I have built up a fair bit of understanding of the area. I believe in creating this new structure and dwellings will have a significant impact on the standard of living in the area! This will create in my view overcrowding and cause a lot of noise pollution. I don't think this area is suitable for such a venture. We already have issues with vandalism, graffiti, drug use etc. the area should be left as is.
