2016/4546/P	Vincent Dachy	15 Richardsons Mews	26/09/2016 20:21:24	COMMNT	<p>We live in the Mews right at the back of the property concerned. For what we can conclude from the technical documents available, it appears that the extension should not be intrusive to us.</p> <p>However I am very worried about the noise that the work will cause, and, consequently, the length of the work involved. I work from home and quietness is very important to my work. I did not find any information about this in the documents and I would greatly appreciate that this would be taken into account as it may either seriously perturb or even render impossible the pursuit of my work.</p>
