2016/5017/P	Susan Ward Davies	65 York Way flat B N7 9 QF	26/09/2016 13:43:32	OBJ	If this is an extension on the existing flat roof , that will SERIOUSLY affect our privacy and light, any side window would look directly into our bedroom window and the building will make the room very dark if the intention is to build an extension with a flat roof with a terrace on top of that that would be even worse as our terrace is very private and they would be looking down on it and would be able to look into our bedroom . We are neighbours and we STRONGLY object to this
