Dear Mr Healy

ref. 2016/4803/P

I would like to register my objection to the above proposal for 6 antennae on Troyes House.

In my view it is inappropriate for a conservation area and a building of only four storeys in height.

Yours sincerely

Paul Pindelski

Dear Mr Healy

Objection to application 2016/4803/P

I hereby object to the installation of a mobile mast on Troyes House.
I live directly opposite the proposed installation site and have huge reservations regarding the safety and health of my young daughter.
I believe Camden Council are supposed to protect my welfare and my young daughter's welfare, especially in relation to proposals that could prove to be detrimental to our health. I expect this of you Mr Healy and am therefore strongly objecting to this proposal.

I expect Camden Council to stand by its 'Ways of Working' and 'remember we are here for the residents... so that people of Camden know we are acting on their behalf.

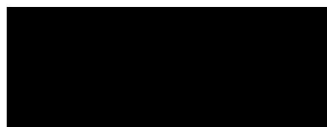

I object and would like to be notified of the committee meeting date.

I would like to attend committee.

I would like to speak at committee.

Yours sincerely,

Dear Mr Healy

Objection to application 2016/4803/P

I hereby object to the installation of a mobile mast on Troyes House.

I strongly object to phone masts being put on the roof of our three storey block of flats. I don't relish the idea of being sizzled with all the radiation these masts emit. Camden council has a duty of care to us as tenants and should not put us at risk of something that is harmful.

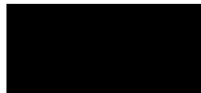

I object and would like to be notified of the committee meeting date. ✓
