2016/4882/T	Lesley South	37 Platts Lane Flat 1 London NW3 7NN	27/09/2016 20:19:53	OBJ	I am a leaseholder/resident at 37 Platts Lane and this application has been made without the authority of the freeholder or the agreement of the other residents. The application states that the applicant, Edward Randall, is the owner of the trees - he is not. Edward Randall is simply a leaseholder. The garden and therefore its trees belong to the freeholder who was not notified of this application. Mr Randall has no authority to make this application. I therefore object to this particular application pending one that may be made by the owner of the garden who is the freeholder of the property. Notwithstanding that I also object to the proposed tree works which I consider excessive and largely unnecessary.
