

PROXIMITY P50 reader

Specifications - PROXIMITY P50 reader

Electrical				
Operating voltage	8	12	14	V d.c.
Current consumption	100		300	mA
Carrier frequency		125		kHz
Clock & data bit period		600		µs
System Specification				
Cable type for extensions	Beldon 9540			
Maximum cable extension length			100	m
Read range: Keyfob		50		mm
Read range: Token/ISO card		80		mm
Read range: Watchprox		35		mm
Read range: Hands free tokens		1100		mm
Additional coloured covers available	Yes			
Net2Air compatible		Yes		
Environment				
Operating temperature	-20		55	°C
Moisture resistance		IPX7		
Vandal resistance	Medium			
Dimensions				
Cable length		5		m
Width		50		mm
Height		100		mm
Depth		15		mm
