

I write to highlight my concerns and objection to, the proposed Town HALL Roof Terrace Extention on Argle Street.

I live locally and fear this will become a noisy and disruptive environment to an already busy area IN CLOSE PROXIMITY TO MANY HOMES and residential areas. Aren't these people already subjected to enough noise pollution. As ever I feel social housing tenants needs and quality of life will be put to one side again.

You have my objection to the proposed planning.

Thank you
Zoe O'shea
