Re: **Application to change sign**

The site is known as Regency Service Station which has two entrances as follows

- [1] 97 Avenue Road London NW3 5EL
- [2] 96 Finchley Road London NW3 5EJ

This application applies to address [1]

There has been a totem sign on this spot reading various different messages for the last 60 years - there is existing planning permission for this sign for that period of time.

We would now like to update the sign to a digital information sign
