2016/5121/P	Alex Gollner	Flat F 262 Finchley Road London NW3 7AA	30/09/2016 15:36:41	COMMNT	<p>The variations requested in this application don't seem to be about modifying the building design to change the roof and wall thicknesses required to achieve the thermal performances required under the energy assessment.'</p> <p>The requested variations seem to be more about attempting to increase the total volume of the development towards the dimensions previously refused in application number 2013/7184/P for Reason 1 - 'The proposed development by virtue of its height, bulk, mass, scale, design and materials would have an adverse impact on the character and appearance of the surrounding street scene and local area including the setting of the adjoining conservation area.'</p> <p>The revisions include increasing the height of the building by over a metre - on the side elevations as well as the main part of the development.</p>
