2016/5249/T	Dame Celia Hoyles	52 Regents Park Road NW1 7SX	30/09/2016 11:24:09	COMMNT	The new owner plans to fell a large number of trees. None have particular merit except one – a beautiful Prunus T16 on the garden plan. There seems to be no good reason to fell; it needs to be cleared of ivy and cleaned. (We were assured this would be the case). It would be a significant loss to 54 garden, 52 garden (it overhangs) and the view from many houses in the line of sight. Shouldn't we try to keep beautiful trees?
