We sent our reply on the 24th of August signed by our Chair Eldred Evans, we can repeat it in original form if you wish, however the comments was as follows:

We were unable to send our reply via our dedicated PIN access number for Conservation Area Groups, the reply we got on screen after trying to submit the form was:

"Your transaction could not be submitted due to the following error:
Unable to contact external system".

We would wish nevertheless to submit our comments to this Planning Application as follows:

OBJECT

Object to proposed high level rear balcony.

NB: a number of email were affected at the time [not just from us] as your server, whilst working OK internally was unable to accept messages from the outside; this was put right after your colleague Dawn Allott visited us with one of your IT technicians and confirmed the the existence of the problem.

Regards
Gian
