Your comments on the planning application

We are only objecting to the proposed new rear dormers on the enlarged rear roof pitch. The main dormer is not sympathetic to the CA notwithstanding other nearby examples that pre-date the CA. Please ask the applicant to reduce this element.

The second smaller dormer without windows, for the purpose of providing headroom over a bath, is totally unacceptable and must be removed. If this precedent were to be exported throughout out the CA the roofs would be littered with nasty accretions.

The main part of the application for the infill of the 1st and 2nd floor construction will not adversely affect the CA.
