Dear Sirs,

**23 Tavistock Place, London WC1H 9SE**  
**Mrs Pollano**

Further to your approval of our client's application (Camden Ref: 2014/6804/P) for works to the above property it was brought to our attention by your Enforcement Officer, Gary Bakall, that condition 4 of the planning permission required details of the second floor roof terrace privacy screen to be submitted for approval to the Council.

These details had not been submitted by our client and the work in this respect has been completed on site. Mr Bakall visited the property to inspect the construction and while he appeared satisfied that the requisite screening was in place requested that details of what has been built be submitted under a Discharge of Condition Application so that this could be determined.

As such we now submit to you via the Planning Portal the relevant drawings which describe the screen now in place at the property, together with the necessary forms and associated fee. If you require further information then do please let us know.

Yours faithfully,

Matthew Swinhoe RIBA  
Director
