2016/4527/P	William Nawrocki	97 Savernake Road	05/10/2016 15:26:24	COMNOT	After speaking with PCSO 7157 Adam Gier of the Gospel Oak Neighbourhood Policing Team, we wish to object to erection of the proposed bike shed on the north side of the front forecourt of 56 Roderick Road. With the present low front wall, the proposed railings and the roof of the proposed bike shed, an easy step-like route of illegal entry will be constructed to the back garden of 97 Savernake Road. With the low boundary wall between properties, further ease of access in an attempted burglary would available to the back gardens of 95,93,91 and 89 Savernake Road. Since the use of barbed wire is prohibited, we can only object to the erection of the bike shed for the security of yourselves and our neighbours. We have reached this conclusion with the aid of the materials provided by the Gospel Oak Neighbourhood Policing Team and their considered advice. After consultation with our neighbours on Savernake Road, they consider that they would be preventing further burglaries by objecting to the erection of the bike shed. Most of these neighbours do not have access to the internet, nor have been informed by post of this planning application. Thus, we speak on their behalf.
