2016/4969/L	Cynthia Rand	Langland gardens	05/10/2016 14:03:54	SUPPEMPE R	I am in favour and agree with the need to install such monitoring devices when large builds are nearby. Having lived next to a 'moderately small' renovation for almost a year, the vibrations on a nearly daily basis are incredibly noticeable. To potentially protect and preserve the nature of the church building, these monitoring sensors should be installed, for its own protection.
