2016/5361/T	Tsun Yuen Ng	142 Finchley Road Flat 2	05/10/2016 19:09:47	OBJ	<p>Please do not remove this tree. It provides much needed cover from direct sunlight in the morning and has been the only bit of nature in what is a crowded city.</p> <p>This is an unwelcome change and there is a family of birds currently living there. They provide a scenic environment in the morning and would be welcomed rather than the large ruckus being heard right now. Also, it serves as a cover to block the unsightly development from my view.</p> <p>Leave it alone. I am highly against removing this tree.</p>
