2016/3968/P	Fiona Ryan	34 Ferncroft Avenue NW3 7PE NW3 7PE	06/10/2016 14:53:48	OBJ	I object to this proposal. I believe that the noise and light pollution will be disruptive and a nuisance to neighbours.
2016/3968/P	Kenneth Eker	29 Ferncroft Avenue Hampstead London NW3 7PG	06/10/2016 16:42:32	COMMNT	<p>We would totally refuse this application, on the basis of having a detrimental impact on all the properties that surround the tennis courts by virtue of light pollution and increase noise nuisance. Our property is directly facing the tennis courts only 10 meters from the perimeter of the courts. The amount of light that would be shining in the house and into our kitchen, lounge and rear bedrooms would be intolerable.</p> <p>This would affect our privacy during the evening, which is when we share family time before our young daughter goes to bed.</p> <p>I hope that you will take our concerns into consideration and reject this application, on the same basis that it was rejected in 1983, (Application 35976) as nothing has changed since.</p> <p>yours sincerely, Mr & Mrs Eker Please notify me of the committee date.</p>
