2016/4109/P	Annie Sayer	45 Lady Somerset Road NW5 1TY NW5 1TY	06/10/2016 16:41:42	OBJ	I wish to object to further building on this plot because it is already too crowded as a living space and a further imposition on the established neighbourhood. Many studies have shown that overcrowding and lack of open space is undesirable and unhealthy for those living there. I also strongly object because there is no social or affordable housing within this development and that is the housing we need here, not more so called luxury flats. The developers are greedy and planning consents are approved for one set of plans and then further plans are put through at a later date as happened in Highgate Rd (Linton House - as it used to be called). Enough is now enough. Please do not push us any further. This area has a huge amount of development happening. We need space and affordable housing, not the developments which are being given permission by the council. Please reconsider.
2016/4109/P	S. Nicholl	45 Lady Somerset Road	06/10/2016 14:54:39	OBJ	<p>I would like to object to the additional erection of a 4 storey building on the former Railway Club for the following reasons:</p> <ul style="list-style-type: none"> - the proposed building will increase and add to the density of the buildings on an already over crowded site, which is already deeply unpopular with local residents - there is no provision for affordable or social housing, only provision for even more luxury flats that profit only the developer not the local community - it will block out even more light for local residents notably those residents on College Lane and the Ingestre estate as well as the very many pedestrians using/accessing College Lane - noise and pollution will increase whilst building works take place - College land currently reeks of diesel whilst the current building works take place
