Your comments on the planning application

Has a resident on Hambrooke court,we have had nearly two years of noise.....machinery...distrupction..loud voices of builders communicating with one another,working on weekends,plus working after hours 6pm..Carrying materials through the estate,also lorries blocking people right of way... Cracks have appeared in my property in every room, since the development started, when drilling trent sheets into to the ground.....Which was reported and no one wanted to take liability for it....in the end I took it to my local MP and eventually a structal engineer came to my property and said the cracks were most likely caused by the building

### Planning Application Details

works...After a year and a half I finally got the cracks sorted, and decoration to my hallway only...I was given a decorating allowance and I have to pay for a decorator to redecorate my property...We were also told if anymore heavy duty building accured the problem would come back...Has from next week the rooms in my property are being redecorated.....

I would also like to say how the attitude changed with Four Quarters when any problems came to light...They did not want to know...saying get on to your insurance company.....WHO INSURES THERE PROPERTY FOR CRACKS.....I also think there is enough properties on this development, and it is starting to look very over crowed and now you want to put another four storey property Why.....!!!
