Your comments on the planning application

I would like to add my objection to the already many local residents that have disagreed with the application CrossTree Developments have submitted.

I have operated my business for over 20 years on Argyle Street and have enjoyed the peaceful environment away from the very busy Euston Road. One of the main advantages the location brings to most of the hotel operators in the square is the peace and quiet. It was only in the summer last year that a drinking party type event took place on top of Derby shire House one afternoon and the

day was one I will never forget. I was walking from Gray's Inn Road up St. Chad street towards my property where I heard music and party-goers to levels that were really unacceptable. With the annex being even higher the travel of sound will be even greater and it will ruin the peace and quiet we have enjoyed for decades. Please can you make sure this application/condition is not accepted.

Your comments on the planning application

I would like to add my objection to the already many local residents that have disagreed with the application CrossTree Developments have submitted.

I have lived on Argyle Street all of my life and have had to live the past 6 months with unacceptable noise levels coming from the development during the course of the works. Having to put up with a commercial bar serving alcohol in an open air environment will destroy any peace we have left and I object profusely on the removal of this condition. We are a small community and are all very aware

of our these developers obtain their requirements by making subsequent changes to applications and conditions which is unacceptable. My point is very simple why did they not apply for this in the beginning of the original application, the reason is that Camden would have not approved it, so why should they allow it now?
