Subject: Planning submission for no 10 Downside Crescent

Dear Ms Hazelton,

We are writing regarding the proposed extension works to 10 Downside Crescent, NW3 2AP.

We have reviewed the plans and are supportive of the proposed works as they are largely in line with what we ourselves built in 2011, including a basement.

Subject to the usual safeguards being adhered to that will ensure our property is not affected, particularly in terms of the basement and any impact on our own structure, we are happy to support the extension works as we think it will be a sympathetic addition to the house and in keeping with improvements taking place in the local area.

Yours sincerely
Chris and Anna Holdsworth
