2016/5177/T	CRASH committee	45 Compayne Gardens London NW6 3DB	10/10/2016 22:38:44	COMMNT	<p>I would like to strongly object to the removal of these four trees protected by TPOs. They form an important part of the streetscape. The reports prepared for the insurance indicate only minor/moderate movement of the property which the trees may be partly causing but could also be caused by clay shrinkage and movement caused by water courses shifting due to basement works in the street or different weather patterns since the houses were constructed in the 19th century.</p> <p>The trees could instead be more heavily pruned than they have been in the past or if there really is deemed to be no alternative perhaps 1 or 2 trees could be removed rather than all four.</p>
