5 October 2016

Dear Mr. Miller,

Application Ref: 2016/4766/P

My house is next door to 81 South Hill Park. It would be unreasonable of me to object to this application (if I understand it correctly) to convert three existing flats into one, in spite of the noise, dust, parking problems etc. it will inevitably create.

I would, however, ask that the Council require the work to be completed within a definite (and reasonably short) time. Over the last couple of decades a great deal of building work has been done in this road, some of it taking a very long time: numbers 15 and 71 South Hill Park are notorious in this respect: work has been going on (and off) for three or four years or more, and even now it is not clear that it has been completed.

I would ask the Council to grant permission only if the applicant agrees that the work be completed within a definite and reasonable time frame.

Yours sincerely,
