Dear Mr Healy,

Re: Proposal to erect 6 phone masts for O2 on Troyes House in Lawn Road

This letter is written to confirm that the above noted mast proposal is causing stress and worry for a few of our patients. As the evidence of whether there is any ill effect from masts is not absolutely clear, I can understand why there may be concern. This is clearly a densely populated area with a mix of ages and morbidity. If there is anything that you can do to try and help it would be appreciated.

Yours sincerely,
