I wish to submit objections to this application as follows:

It is quite wrong for a site that was given as open space for the community by Baroness Burdett-Coutts to be developed for private profit.

Camden needs to use sites like this for encouraging more people to take up sport.

The plans for the site are a significant over-development of luxury housing in a borough that desperately needs more social housing.

There are no enforceable guarantees that the tennis club and designated "open space" can be protected.
