Subject: 2016/5248/P, 81A Mill Lane ATM

Hello,

I have read the design and access statement.

It states that there are four cameras with digital recording. I recommend the cameras takes facial images of users of the ATM. Lighting of the area should compliment the cctv in gaining facial images.

Pin shield is required.

Mirrors (or mirrored surface) is required.

Defensible space ground markings are also required.

Regards Adam Lindsay
