

2016/4752/P Bartholomew Estate and Kentish Town CAAC object to the proposed addition of the Mansard roof , which incidentally appears to be in place as it is detrimental to the vision from the CAAC , we also have concerns about the large blank wall which now faces the CAAC and is clearly seen from Patshull road as this we do not believe was in the original approved plans and consider it detracts from the view of the conservation area.

2016/4825/P Bartholomew Estate and Kentish Town CAAC consider that this will cut out light from surrounding buildings and reduce a current open space.

2016/4257/P Bartholomew Estate and Kentish Town CAAC we believe this tree should have the crown lifted by only 3 M and not the proposed 5 M

Bartholomew Estate and Kentish Town CAAC also strongly object to the Council not informing neighbours of potential applications that might affect their property as this potentially will lead to applications that affect householders being agreed . Not every body is signed up to alerts and many people do not have access to computers , notices on lamp posts are not always placed.

Celia Goreham on behalf of Bartholomew Estate and Kentish Town CAAC
