2016/4441/P	G. M. Osborne	19 Cleve Road West hampstead London NW6 3RL	17/10/2016 21:05:19	OBJ	The extension is infilling in a garden, which admittedly is very overgrown, and will increase the living density in a conservation area. Similar applications have been submitted, and rejected, over the last three or four years. Vehicle access to this property is very limited so could cause significant problems if this application is allowed.
