Subject: RE: 2 Belsize Lane - 2016/3927/P - Review of Submission

Hi John,

Apologies I should have sent this Friday.

Front garden - my client wishes to withdraw this request.

Rear garden - levels my client wishes to withdraw this request.

Rear garden - fencing my client wishes to withdraw this request. We will work off the previous approved application.

Which I think leaves the application with just the change to the new window location.

As an aside with regards to the rear garden, do we have to request permission from the council with regards to the planting in the rear garden?

Many thanks
Kim
