The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 Prior to the commencement of construction/demolition works on site, tree protection measures shall be installed in accordance with approved drawings and evidence of this shall be submitted to the council. The protection shall then remain in place for the duration of works on site, unless otherwise agreed in writing by the local authority.

Reason: To ensure that the Council may be satisfied that the development will not have an adverse effect on existing trees and in order to maintain the character and amenities of the area in accordance with the requirements of policy CS15 of the London Borough of Camden Local Development Framework Core Strategy

- 4 The development hereby permitted shall be carried out in accordance with the following approved plans: TPP-01 Rev A, Arboricultural Report by Arbor Cultural Ltd. dated 9 August 2016, 16102-P-001 Rev B, 16102-P-002 Rev B, 16102-P-004 Rev B, 16102-P-005 Rev B, 16102-P-006, 16102-P-003 Rev A, Design and Access Statement.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 5 All hard and soft landscaping works shall be carried out in accordance with the approved landscape details [by not later than the end of the planting season following completion of the development or any phase of the development] [, prior to the occupation for the permitted use of the development or any phase of the development], whichever is the sooner. Any trees or areas of planting which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced as soon as is reasonably possible and, in any case, by not later than the end of the following planting season, with others of similar size and species, unless the local planning authority gives written consent to any variation.

Reason: To ensure that the landscaping is carried out within a reasonable period and to maintain a high quality of visual amenity in the scheme in accordance with the requirements of policy CS14, CS15 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.
