Hello Laura

Here is the previous email. When will I be able to see this sample window?

In response to the photograph you sent, I find this completely unsuitable as a replacement. The windows at Laystall Court are a feature of the building and the period in which it was built. Their principal quality is lightness and a lack of frame. The window in the image you have sent is heavy, cheap, ugly and brilliant white. It is simply not right for our building.

All the best

Caroline
