2016/4791/P	Lesley Stevas	Flat 7 57 Christchurch Hill London NW3 1JJ	20/10/2016 11:28:40	OBJ	<p>I object to this planning application.</p> <p>The height of the proposed property is overbearing and will be higher than the current property. I also feel that the proposed wall in the front of the building gives a feeling of exclusion to the community and is aesthetically unpleasing. If the wall were lower it would be more acceptable.</p> <p>If this plan was approved it would set a dangerous precedent for further increases in roof height of other properties which would lead to a degradation of the road.</p>
