2015/6455/P	Abhishek Madhavan	22 Lymington Road	21/10/2016 13:14:25	OBJ	We live in the houses on lymington road overlooking the property and are concerend about not only the noise and other side effects of construction, the blocking of light from our properties due to the height of these new builds and also the congestion in west hampstead from having an extra 164 flats (specially on the trains in the morning which are already pretty crowded - and also road traffic).
