2016/5017/P	Peter Jacobs	65A York Way London N7 9QF	21/10/2016 20:43:43 INT		Although we have no grounds for complaint regarding the plans, we do, with a baby due in the new year (Jan 2017), have concerns about noise and privacy issues brought about by building work during this demanding, delicate and stressful period and would appreciate consideration and consultation throughout the planning/preparation process.
