| 2016/5211/P | Roger Hughes | S6-08 Plimsoll Building | 23/10/2016 18:32:38 | OBJ | 1) The Plimsoll Building is brand new and has been occupied barely a year. This alteration will change the architect's vision and spoil the exterior appearance. 2) If approved, this alteration would set a precedent for the random glazing in of all or part of any of the many balconies of this building or of buildings yet to be completed in the King's Cross Development. |
