Dear Sirs,

Re: Planning Application – 15 Rudall Crescent, Hampstead NW3 1RR

Further to my conversation with Christina Smith I am writing to object to the above planning application as I am extremely concerned that the building works would disturb the roots of the tree situated between our two houses which has caused subsidence problems to my house which has been addressed and which is now stabilized. Further works will cause problems again to the two houses as it has in the past.

Not to be used as a roof terrace if the planning is allowed.

If this is allowed I would hold the council and neighbour responsible for further damage to my property.

I do hope you take my comments in consideration to granting this application.

Yours faithfully,

A black rectangular redaction box covering the signature of Mrs C.D. Torns.
