2016/5336/P	Diane Ross	Flat a 1 Highgate Road Kentish Town	24/10/2016 11:01:10	OBJNOT	No indication on drawings of where the planned Bicycle Storage will be positioned. This cannot be against my bedroom walls like the big metal gate the noise would be impossible to live with the gate is already causing big problems even for the property next to number 1. Noise reverberates through this listed property its already like living in a church bell tower when the gate is whacked against the bedroom wall. Please don't allow this developer to add to this disruption by placing the metal Bike rack anywhere near my walls.
