Your comments on the planning application

I wish to register my objection to the development at 50 Rochester Place Camden.
I am joint owner of the next door property 48a Rochester Place.
My specific concerns are regarding both the basement proposal and first floor extension.
The plans indicate the basement would extend under my property and thus destabilise it with potentially serious consequences for the whole building.
The extension plans indicate a party wall between our 2 properties. This is not the case - there are separate walls

and the extension would require an additional wall abutting onto our property at the rear which would not be acceptable.

There are general concerns about the loss of important architectural features in the lantern lights and the disruption caused to a very narrow cobbled street which I share.
