Informative(s):

- 1 Reasons for granting consent:

The site is a grade II listed house situated at the end of a mid-Victorian terrace built circa 1862 for the Marquess de Rothwell. It is set over three storeys with a basement, currently divided into two dwellings, and has a closet wing to the rear that extends to between the ground and first floor levels, with a later two storey extension at lower ground and ground floor levels.

The current proposals involve the removal of non-original infill brickwork to a chimney-breast at basement level to allow for the installation of a wood burning stove. The works are not considered to cause harm to the special interest of the listed building.

No objections were received prior to the determination of this application. The site's planning history was taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policy DP25 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policy 7.8 of the London Plan 2016, and paragraphs 14, 17 and 126-141 of the National Planning Policy Framework.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.
