2016/5804/T	Roser Lavanchy	Flat 6 South Grove House South Grove	26/10/2016 11:47:52	COMMNT	The trees in most need of cutting back are the avenue of sycamores along the drive, from the gate at South Grove. They have now obliterated the view towards Parliament Hill, for all the residents at South Grove House - built well before the trees were planted. I hope the plan is related to the trees I describe, if not, please consider my comments.
