Thank you.</p>
2016/4791/P	stanley phillips BSc FRICS	32-34 Gordon House Road 32-34 Gordon House Road	27/10/2016 17:50:54	OBJ	<p>I am very concerned by the increase in height of the roof as this will have a negative impact on the adjoining premises and the street scene in general. The roof will become overbearing and out of character. Any increase in the roof height will also provide a precedent for other houses and I think this is dangerous and could lead to some very strange decisions being made.</p> <p>I am also concerned by the height of the fence proposed and that it again damages, in my opinion, the street screen and may cause loss of light to the properties eitehr side. This is particularly true to the rear of No 30 due to the sloping nature of the road.</p> <p>It is also posisble that the increase in size of the roof may cause issues of increased water falling onto No 30.</p>
