Dear Sirs,

Re: Planning Application 2016/3975/P
5-17 Haverstock Hill

Our company rents the offices above Chalk Farm Tube Station from Transport for London. We have a long lease here.

We wish to object to this development. We realise that the closing date for objections has passed, but we were unaware of this proposed development until very recently.

The proposed development is enormous, and totally out of scale with the station, our offices, and the surrounding area. The current buildings are set back from the road on both sides, and so it does not look bulky. The planning application shows a building which is quite disproportionate to the surrounding area.

Yours sincerely,

GIULIA BRYSON
PROPERTY MANAGER
