Dear Sirs,

Re: Planning Application 2016/3975/P
5-17 Haverstock Hill

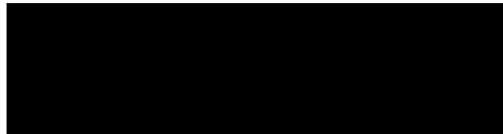

I wish to object in the strongest terms to the proposed development at 5-17 Haverstock Hill.

I am a long lease holder of flat 59 Eton Place, which is next door to the proposed development. This very large proposed development will be ungainly, ugly, and disproportionate to its surroundings.

The building is on the edge of a conservation area, and whereas the current building steps back from Adelaide Road above ground floor level, the proposed building does not.

I would not object to a more modest building, which is lower and steps back from the main road.

Yours Sincerely

DAVID AARONS

*PS. Sorry this is late, but have
only just heard about this application*
