Application Ref: 2015/6734/P Re: 10 Clorane Gardens

Dear Ms Craig,

We refer to your letter of 28.09.2016.

We do not support the additional size of the plans submitted with the revised drawings on the 9^{05.2016} which is an increase in the footprint of the proposed basement.

We believe concerns raised in our previous correspondence 17.02.2016 have not been properly addressed by Campbell Reith in their Basement Impact Assessment report in July 2016.

We ask that prior to any decision being made that this be re-considered and a response sent to us.

Yours sincerely,

Philip and Jane Ross
